

The 2020 CalABA Conference has been CANCELED.

At 3pm on March 5th the Santa Clara County Public Health Department announced, as a preventative measure to decrease community spread of coronavirus, new guidance where they advised that ALL large gatherings be postponed or canceled. We are deeply saddened to have to make this announcement. We also acknowledge that this last minute change will be challenging for everyone coming to and involved with the conference. At this time we ask for all conference attendees to have patience as we navigate these difficult circumstances.
